Mrs. Irene Murry *former owner*
748 Circle Street
Herculaneum, Mo. 63048

Re: Soil Replacement

Dear Mrs. Murry:

In 1991 The Doe Run Company replaced the soil in your yard to a depth of 12 inches with clean soil that was at background levels of approximately 50 ppm lead. The adjacent yards were also replaced. The next year the yards and lots across the street were replaced.

Very truly yours,

Daniel L. Vornberg
Environmental Manager &
Corporate Director of
Environmental Affairs

*Wants compensation -
will not allow the yard cleaned again.
does not want his trees damaged*
